## **DETAILED ACTION**

### ***Response to Amendment***

1. In the preliminary amendment filed August 3, 2009, the following had occurred: Claims 4, 31, 38, 40, 42, and 56 were cancelled. Claims 1-3, 5-30, 32-37, 39, 43-45, 47, 50, 54-55, and 57 are amended. Now claims 1-3, 5-30, 32-37, 39, 41, 43-55, and 57 are presented for examination.

### ***Allowable Subject Matter***

2. Claims 1-3, 5-30, 32-37, 39, 41, 43-55, and 57 are allowed. The following is an examiner's statement of reasons for allowance:

3. The primary reason for allowance of claims 1-3, 5-30, 32-37, 39, 41, 43-55, and 57 is the inclusion of the limitation in all of the claims which are not found in the prior art references, of A method for reconciling third party payor receivables with a set of prescription transactions comprising:

obtaining, at a pharmacy accounts receivable (PAR) computer system network of a pharmacy including at least one computing device, prescription claim data associated with the set of prescription transactions, each of the set of prescription transactions corresponding to a prescription claim, (column 23, lines 49-60);

obtaining, at the PAR computer system network, third party deposit data associated with the set of prescription transactions, (column 22, lines 57-67);

obtaining, at the PAR computer system network, third party payor data associated with the set of prescription transactions, (column 22, lines 57-67);

obtaining, at the PAR computer system network, remittance advice associated with the set of prescription transactions, the remittance advice comprising a plurality of remittance advice line items, each remittance advice line item associated with one of the prescription transactions of the set of prescription transactions, (column 23, lines 66-67 and column 24, lines 1-12);

configuring, at the PAR computer system network, the prescription claim data, the third party deposit data, the third party payor data, and the remittance advice into a pharmacy automated accounts receivable system (PARS) database to form PARS data, (column 10, lines 39-62).

However, the prior art does not teach automatically reconciling, at the PAR computer system network, the third party deposit data with the remittance advice, and initiating a manual third-party-deposit-data-to- remittance-advice reconciliation process for a failed automatic third-party-deposit-data-to- remittance-advice reconciliation;

automatically reconciling, at the PAN computer system network, the remittance advice with the prescription claim data, and initiating a manual remittance-advice-to- prescription-claim-data reconciliation process for a failed automatic remittance-advice-to- prescription-claim-data reconciliation; and

performing, at the PAR computer system network, a resolution process for at least one of a failed manual automatic third-party-deposit-data-to-remittance-advice reconciliation or a failed manual remittance-advice-to-prescription-claim-data reconciliation, the resolution process including:

providing a group of resolution activities including collecting, billing resolving a billing exception, and resolving a third-party payment;  
identifying one or more unreconciled prescription claims;  
receiving a selection of at least one resolution activity from the group of resolution activities; and  
performing the at least one selected resolution activity for the identified one or more unreconciled prescription claims, the at least one selected resolution activity including adding the identified one or more unreconciled prescription claims to a corresponding resolution activity work queue, displaying at least one corresponding resolution activity user-interactive graphical display screen, and updating the PARS data.

4. Claims 2-3, 5-30, 32-35, 37, 39, 41, 43-55, and 57 are dependent from claims 1 and 36 respectively, and therefore incorporate the allowable subject matter through dependency.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”

***Conclusion***
